Aloha Kakou,

**What an incredible year 2021 has continued to be!** This year has forced us to re-assess how we can best meet the very real and **immediate needs** of our community (food, housing, transportation and access to computers), while also continuing to be mindful of how we can make an impact on addressing the **longer-term requirements** for building a more vibrant and socially equitable future.

**At the Waikiki Community Center (WCC), we see the devastating effects of how the hardest hit among our community have been those in Waikiki,** particularly our kupuna who face greater health issues; are at greater risk of food and financial security, becoming homeless, and losing needed services & social contact. Working class families and their keiki are also hard hit and in desperate need for safe, affordable, and quality childcare.

**To continue to serve our community, this year we have again re-imagined our Waikiki Lights fundraiser as a fun golf tournament, held in the beauty and safety of the outdoors at the Mid-Pacific Country Club on Monday, September 20, 2021 in Lanikai.** In keeping up our event's reputation of fun, we will feature a jungle themed "Waikiki Lights on the Greens". **Please join us dressed up in your finest jungle or safari gear** – something khaki, animal printed, safari hats, neck kerchiefs, or come as you are, to a fun day of golf with delicious dining stations at feature "watering holes", "gir-raffles" and "big game" prizes.

**I am profoundly grateful to our generous donors, partners, Board and WCC staff for supporting the work of the Waikiki Community Center, especially over the past year:**

- **Emergency Food Pantry** increased over 400% serving more kupuna and residents in need.
- **Tech Savvy Seniors** allowed kupuna to maintain their physical, cognitive and social/emotional well-being. Our Virtual Community Center, iPad lending library and tech training opened up new worlds for seniors.
- **Rental Assistance** - WCC distributed over \$1.5 million dollars in rental for those financially affected by the pandemic.
- **Kupuna Food Needs** – WCC provided over 8,000 deliveries of groceries and hot meals to area seniors in need during the pandemic.
- **Senior Safe Ride** – WCC facilitated rides for kupuna to access food, basic supplies and medical care.
- **Preschool** – Ensured safety protocols to continue provide quality early education and close the achievement gap.

**Please consider supporting us in any way possible by:** 1) Sponsoring a golf team, 2) Making a donation, 3) Providing golf team prizes, drawing prizes or prize donation, or 4) Contributing in-kind gifts or services. Any assistance that you can provide is appreciated!

**Don't be "lion around"! Let's go on a fun "jungle expedition" together and make this a "roaring" success to benefit the keiki, kupuna and community in Waikiki!**

Mahalo Nui Loa!
